

YEELIGHT

Qingdao Yeelink Information Technology Co., Ltd. (Yeelink) is an emerging innovative enterprise that was founded in 2012 with the help of the American incubator SOSven-tures.

As a company which integrates design, research and development, production, and marketing, Yeelink is striving to become the leader of the world's smart lighting device industry.

Yeelink is engaging in creating a brand new, high-quality, and comfortable lighting experience with smarter user operation, providing personalized and superior quality lighting that people require. The team at Yeelink is brimming with outstanding talents from the Internet, communications, consumer electronics, and high-end lighting industries. Yeelink's aim is to continue to develop comprehensive consumer and industrial smart lighting solutions based on the real and emerging needs.

Yeelight Road Map

2012.12

Incubated by Hax

2014.04

Joined Xiaomi Eco-system

2015.12

Launched Yeelight LED Smart Bulb (White)

2016.06

Launched Mijia Smart LED Desk Lamp

2016.12

Launched Yeelight LED Ceiling Lamp

2012.05

Establishment of Yeelink Team

2013.05

Demo of the First Generation of Products in San Francisco

2015.06

Launched Yeelight Bedside Lamp

2016.05

Launched Yeelight LED Smart Bulb (Color)

2016.08

Launched Yeelight LED Lightstrip

Yeelight Road Map

2017.06

Launched Yeelight LED Ceiling Lamp (Special Edition)

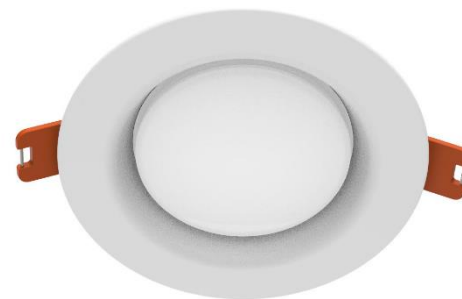

2017.08

Launched Yeelight Rechargeable Night Light

2017.08

Launched Yeelight LED Desk Lamp (Rechargeable)

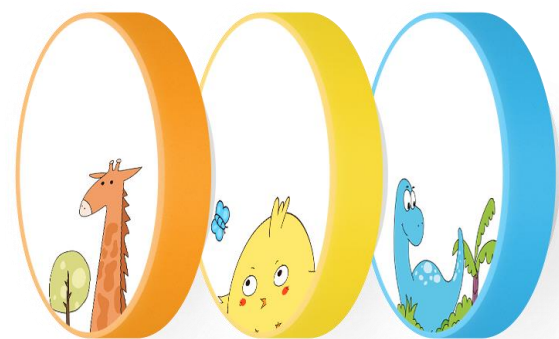

2017.09

Launch Yeelight LED Downlight (Non-intelligent)

2017.08

Launched Yeelight LED Ceiling Light (For kids)

2017.08

Launched Yeelight LED Desk Lamp (Standard)

2017.09

Launch LED Ceiling Lamp 480mm (Galaxy)

2017.09

Launch Yeelight Ambient Lamp

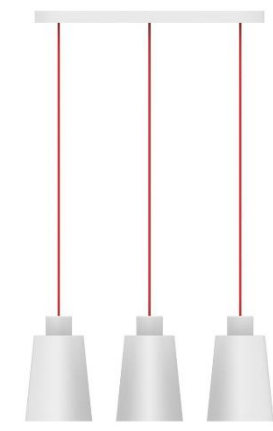

Yeelight Road Map

2017.09

Launch LED Ceiling Lamp 650mm (Galaxy)

2017.09

Launch Yeelight LED Chandelier (Non-intelligent)

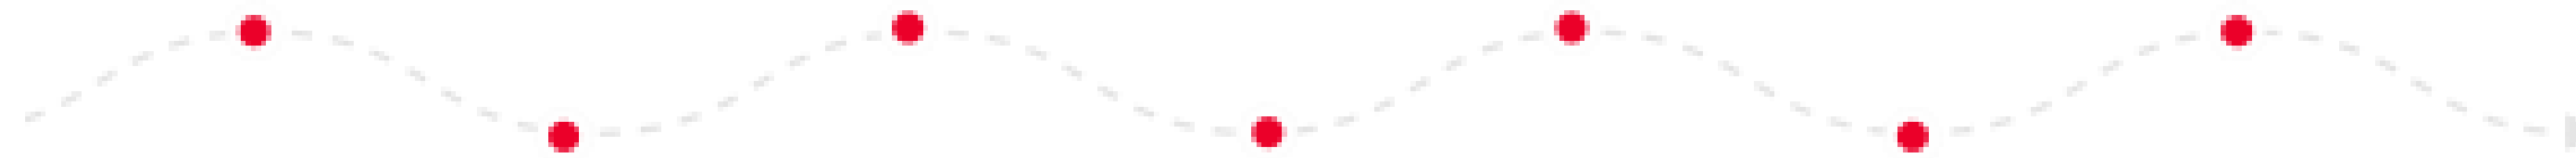

2017.11

Launch Yeelight LED Bulb(Color)

2017.11

Launch Yeelight Lightstrip Plus (Extended Edition)

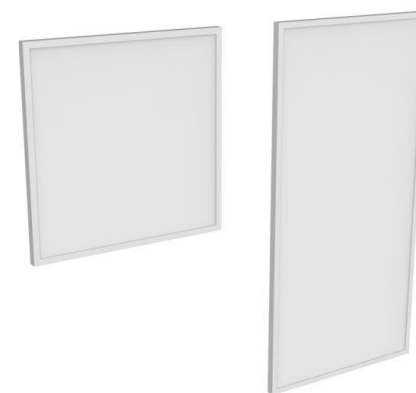

2017.09

Launch LED Ceiling Lamp 650mm

2017.10

Launch Yeelight LED Panel Light

2017.11

Launch Yeelight LED Bulb(Warm White & Cool White)

Awards and Honor

Both of the company's joint founders Jiang Zhaoning and Liu Daping previously worked at Lucent Technologies in Boston, Massachusetts, the United States, for an extended period of time. All of the company's core team members and other personnel come from renowned enterprises in China. Some products are awarded iF Gold Award, IF Design Award, Reddot Award, Good Design and other international design awards.

MIJIA APP

Buy and control your Yeelight products via MIJIA APP. Adjust color temperature, brightness and color through a simple touch.

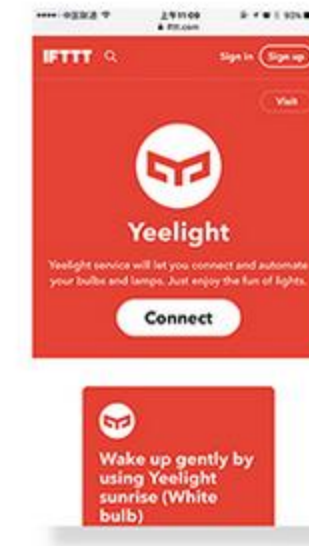

Amazon Alexa

Talk to Alexa and control your lights. Just say "Alexa, dim my bedroom light by 50%," and your Amazon Echo/Dot will adjust the brightness automatically."

Google Assistant

Google Home connects seamlessly with Yeelight devices, so you can use your voice to control your lights.

IFTTT

IFTTT is a powerful service that can connect your Yeelight bulbs with the apps and devices you use every day. Connect your Yeelight with apps such as Facebook & Instagram.

Xiaomi

Yeelight is Xiaomi invested Eco-System company. Our lights can work with a range of Xiaomi smart products.

Mi Band

Just connect your Yeelight products which support BLE mode to Mi band. It's one of the most convenient ways to control your light.

Yeelight has worked with many worldwide well-known brand & platform, such as Google Home, Amazon Alexa, IFTTT, Xiaomi, MIJIA, Mi Band...

YEELIGHT LED SMART WIFI BULB(Color)

SPECIFICATIONS

Product Size : 124mm*60mm*60mm Power : 11W

Input : 100V~240V 50/60Hz Material : PC Lamp Interface: E27/E26

Color Temperature : 800lm 2700K-6500K

Brightness Adjustment Range : 5% -100%

Maximum of Brightness : ≥ 800

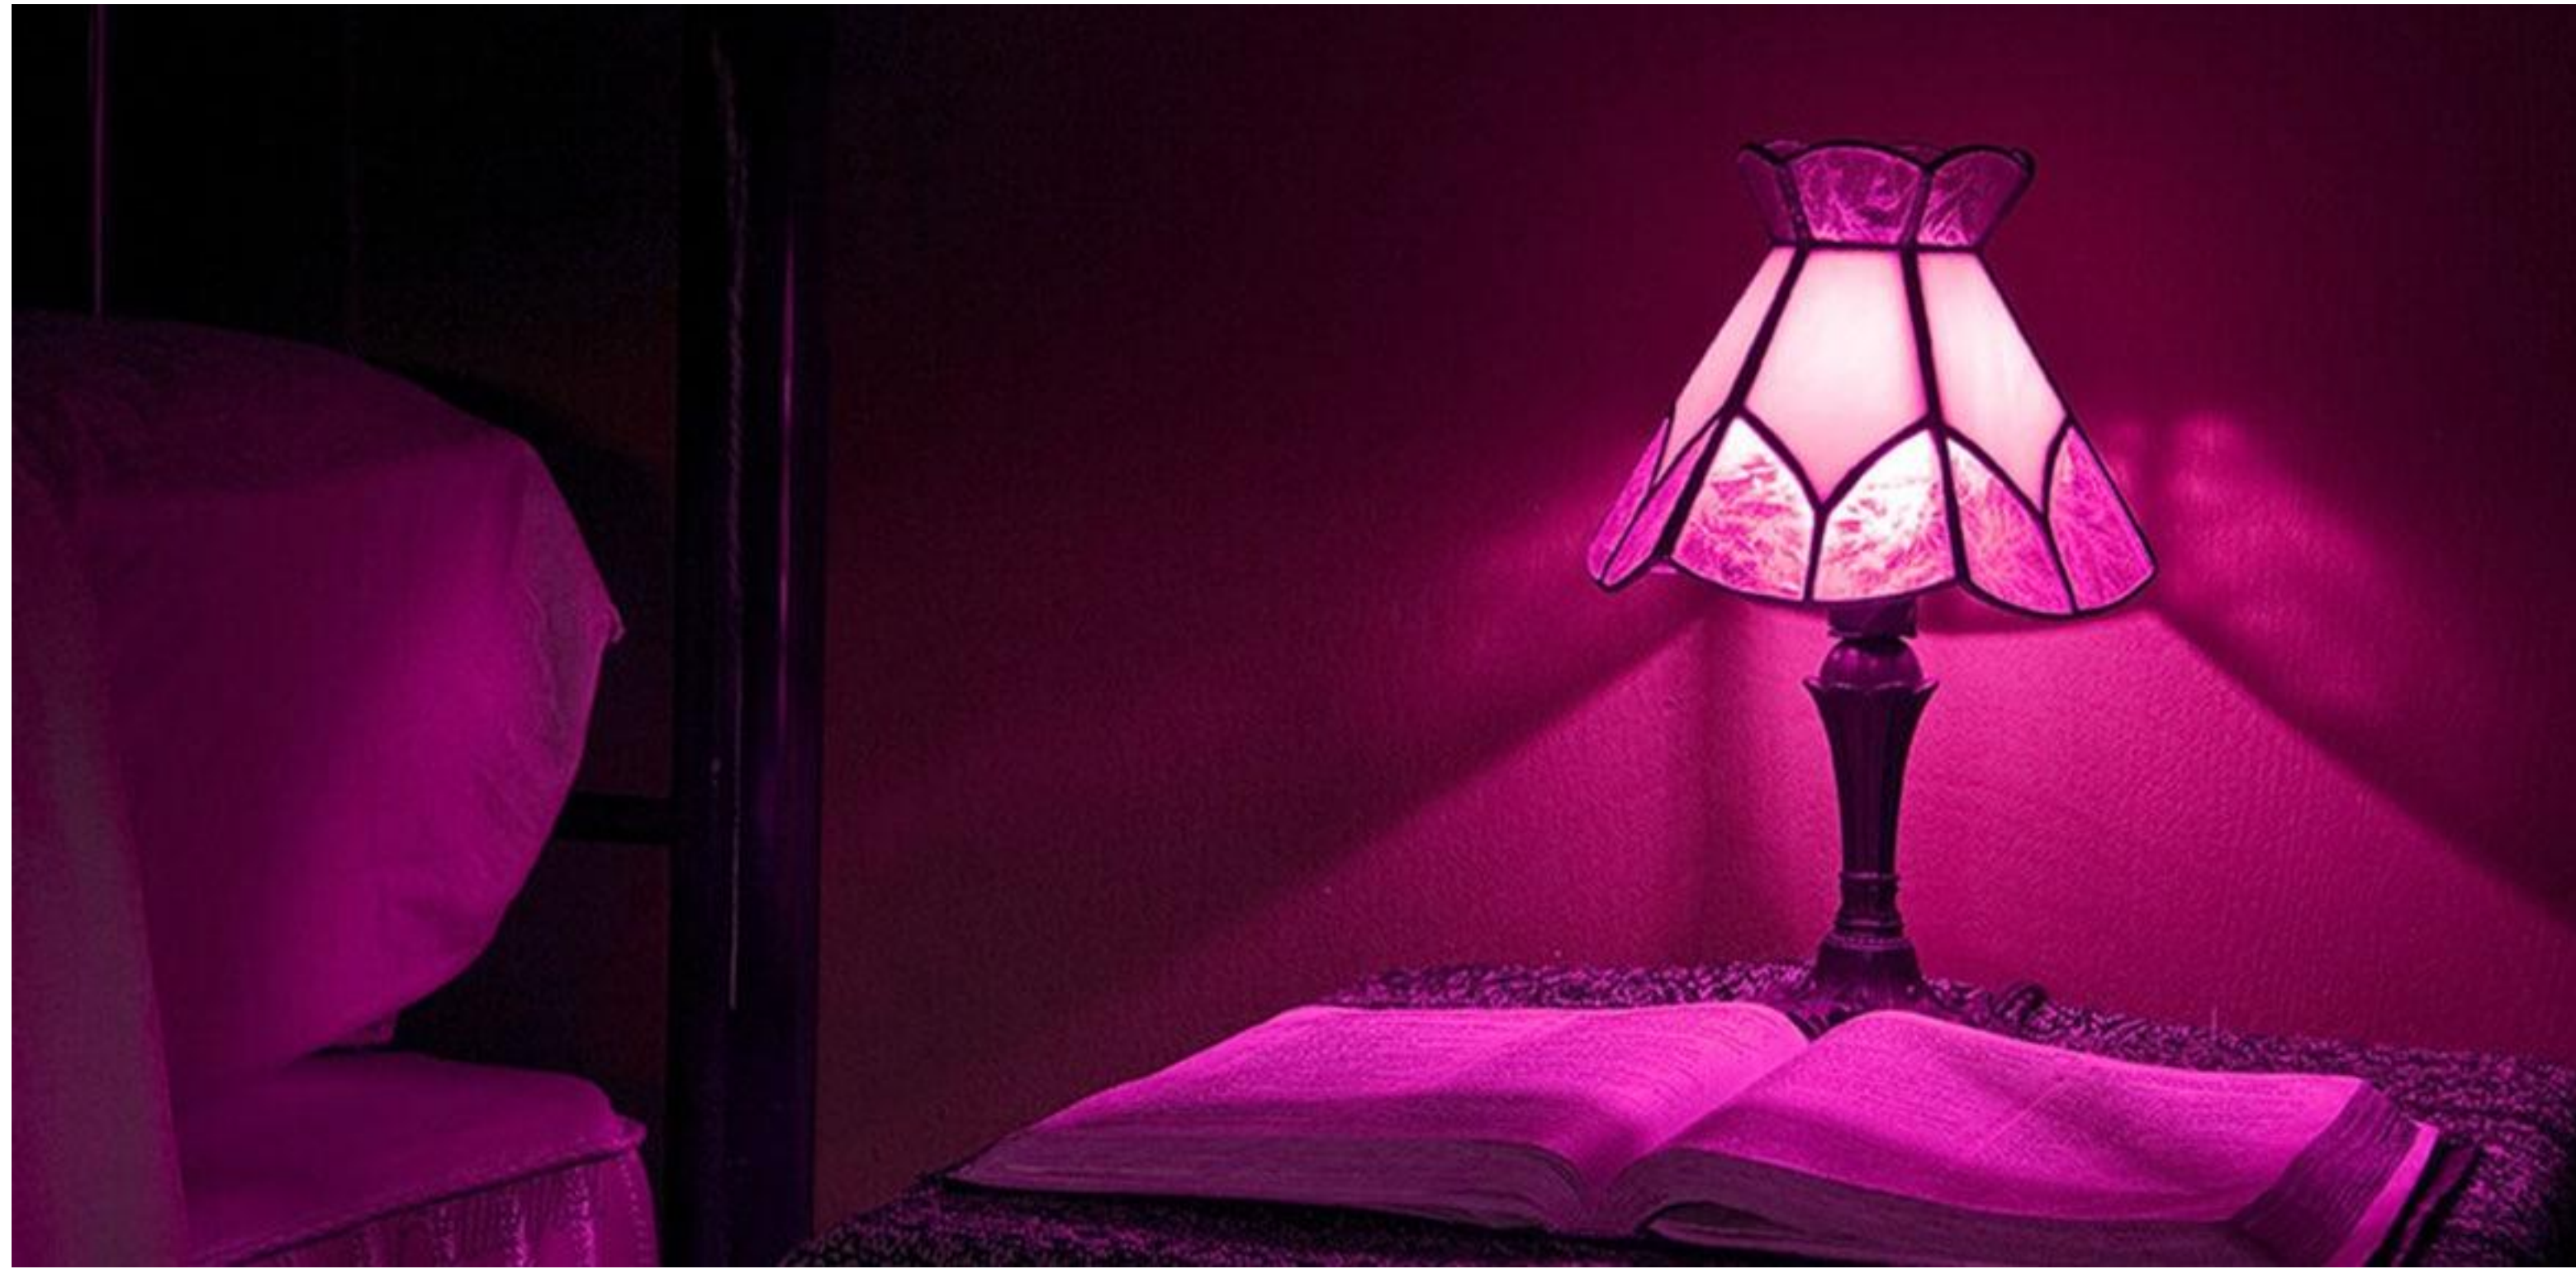

Minimum of Brightness: $< 50\text{lm}$ Lumen $30\text{lm} \pm 10\%$ CRI ≥ 80 (@3300K)

Characteristic : Lower Power | Smart Control | Color Temperature &

Brightness Adjustable | 16 Million Colors

Certifications : FCC | UL | CB | CE

Launch Day : Nov, 2017

SPECIFICATIONS

Wi-Fi 802.11 b/g/n

55*55*120mm

9W

Ra≥83 (4000K)

SRRC

CE

YEELIGHT AMBIENT LAMP

SPECIFICATIONS

Product Size : 72*195 mm

Weight : 430g

Luminous Flux : 0.3-12 lm

Battery Capacity : 2100 mA

Communication Mode : Bluetooth 4.2

Communication Distance : 20m (in the open area)

Charging Cable : Micro USB (1 m)

Power : 6.5 W

Working Temperature : -10-+40 °C

Working Humidity : 0%-85%RH

Certifications : RoHS | FCC | CE

Launch Day : Sep, 2017

YEELIGHT RECHARGEABLE NIGHT LIGHT

SPECIFICATIONS

Product Size : ϕ 73mm*34.3mm

Net Weight : 72g

Power : 0.25W

Color Temperature : 2700K

Brightness : Sensor Mode 3.5lm , Lighting Mode 7lm

Sensor : Light Sensor+PIR Motion Sensor

Battery : 750mA Lithium Battery USB Port : Micro USB

Characteristics : Suspendible & Adhesive & Magnetic | USB

Rechargeable | 120 Days of Usage| Light Sensor + PIR Motion Sensor

Certifications : RoHS

Launch Date : August 2017

YEELIGHT LED Desk Lamp(Rechargeable)

SPECIFICATIONS

Product Size : 337*351*150mm

Material : Acrylic/ Environmental Friendly Plastic/Metal Memory Hose

Weight : 0.71kg Color Temperature : 2700K-6500K

Brightness : 260lm Brightness Adjustment Range : 20%-100%

Angle of Exposure : 120° CRI≥83

Battery Capacity : 2000mAh

Charging Voltage : 5V

Accessory : Charging Cable (1m)

Characteristics : Big Size| Weaken Blue Light| Color Temperature & Brightness Adjustable

Certifications : CCC | Photobiological Safety| UN38.3

Launch Date : August 2017

YEELIGHT LED Desk Lamp(Standard)

SPECIFICATIONS

Product Size : 337*351*150mm

Material : Acrylic/ Environmental Friendly Plastic/Metal Memory Hose

Weight : 0.67kg

Color Temperature : 2700K-6500K

Brightness : 260lm

Brightness Adjustment Range : 20%-100%

Angle of Exposure : 120° CRI≥83

Accessory : Charging Cable (1m)

Characteristics : Big Size| Weaken Blue Light| Color Temperature&

Brightness Adjustable

Certifications : CCC| Photobiological Safety

Launch Date : August 2017
